Rueil-Malmaison, le 27 décembre 2022,

AVIS DE SECURITE (FSN) URGENT

Référence : FSN27122022 X'PRESS_LOW/ALDRYS 3/ALDRYS CONFORT

Nom commercial du dispositif médical : X'PRESS LOW, ALDRYS 3, ALDRYS CONFORT et

Fabricant : WINNCARE France

Contact national (information) : WINNCARE France

FSCA-Identification : Product Field Action : **R2235338**

Type d'action : Field Safety Corrective Action : Action qualité_MV

Dispositifs concernés (SN) : Cf. la liste des numéros de série concernés en annexe de l'avis.

Madame, Monsieur,

Cinq de nos clients ont constaté récemment le retrait ou une position inappropriée du CIRCLIP de maintien latéral des croisillons d'un de leurs lits médicaux de marque X'PRESS LOW (Réf. AG1), ALDRYS 3 (Réf.AH1), et ALDRYS CONFORT (Réf. AI1).

Aucun incident grave n'est survenu.

L'analyse des causes a montré que le sens de montage du CIRCLIP pouvait être à l'origine d'une faiblesse de tenue sous une contrainte physique élevée de la pièce de maintien.

Des tests d'essais ont montré que ce retrait pouvait être déclenché par des vibrations répétées et prolongées lors d'un transport logistique notamment lorsque le lit médical est basculé sur la tranche et soumis à des chocs répétés durant le transport. L'absence des deux CIRCLIP associée à des contraintes physiques latérales fortes et répétées peut entraîner l'affaissement du lit.

Lorsque le lit médical est installé et que le CIRCLIP est en place, les tests d'essai d'usage ne mettent pas en évidence un risque de retrait du CIRCLIP dans un usage courant.

Cela concerne les lits médicaux livrés entre le 06/2019 et 10/2022.

Références	SN (premier)	SN (dernier)	Quantité France (n=)	Quantité Export (n=)
AG1xxx	FR031906/05321	FR032210/01859	1371	0
AH1xxx	FR032012/05379	FR032210/01854	7931	633
AI1xxx	FR032110/04555	FR032209/01526	181	0

Nous avons renforcé le contrôle en production concernant la bonne position du CIRCLIP au montage et avons qualifié et ajouté une rondelle métallique anti-retrait.

Actions préventives :

- En MAD : vérifier la présence et/ou la bonne position du CIRCLIP après le transport de l'un des trois modèles de lits médicalisés et lors de la mise à disposition au patient.
 - o Cela concerne notamment le lit médical X'PRESS LOW.
- En collectivités : contrôler la bonne position du CIRCLIP durant le contrôle annuel du lit médicalisé.
 - o Cela concerne notamment les lits médicaux ALDRYS 3, ALDRYS Confort.

Actions correctives : Remplacer le CIRCLIP par un nouveau système disponible auprès du SAV WINNCARE France dans le cas où sa position est inappropriée ou son retrait constaté.

Nous vous remercions de faire le nécessaire lors du contrôle qualité de libération du lit médical et/ou de la maintenance annuelle préventive pour réduire à minima la survenue d'un évènement.

Le formulaire de réponse client ne sera utilisé qu'en cas d'intervention technique pour le remplacement du CIRCLIP avec la pièce détachée fournie par notre service après-vente.

L'ANSM est informée de cette mesure de sécurité.

Nous vous remercions de votre confiance.

Comité Matéiovigilance WINNCARE
