N°	Modèle	Référence	Nom commercial	Indications	Nomenclature EMDN code
1	hooks	MB1PHO	PEDICLE HOOK	Thoracolumbosacral spine, fixation systems	P09070302
2	hooks	MB1LTH	LAMINAR THORACIC HOOK	Thoracolumbosacral spine, fixation systems	P09070302
3	hooks	MB1THO	TRANSVERSE HOOK	Thoracolumbosacral spine, fixation systems	P09070302
4	hooks	MB1PHOS1	PEDICLE HOOK	Thoracolumbosacral spine, fixation systems	P09070302
5	hooks	MB1LTHS1	LAMINAR THORACIC HOOK	Thoracolumbosacral spine, fixation systems	P09070302
6	hooks	MB1THOS1	TRANSVERSE HOOK	Thoracolumbosacral spine, fixation systems	P09070302
Instruments Ir					
1	reusable surgical instruments	038ET1	Elevator, transverse	instruments for processing materials of osteosynthesis devices, reusable	L091002
2	reusable surgical instruments	039EL1	Elevator, laminar	instruments for processing materials of osteosynthesis devices, reusable	L091002
3	reusable surgical instruments	040EP2	Elevator, pedicle	instruments for processing materials of osteosynthesis devices, reusable	L091002
4	reusable surgical instruments	020HOH1	Hook Holder, offset	instruments for insertion and extraction of material for osteosynthesis devices, reusable	L091001
5	reusable surgical instruments	021HH1	Hook Holder	instruments for insertion and extraction of material for osteosynthesis devices, reusable	L091001
6	reusable surgical instruments	030IHP2	Hook Pusher	instruments for insertion and extraction of material for osteosynthesis devices, reusable	L091001
7	reusable surgical instruments	080HCR1	C-ring	osteosynthesis instruments, reusable – others	L091099
Instruments I					
1	non invasive Instruments	M1MB09	Module MB hooks	Various devices not included in other classes – other.	V9099
2	non invasive Instruments	M1MB10	Module C-ring	Various devices not included in other classes – other.	V9099
3	non invasive Instruments	C1MB03	Container, deformity	Various devices not included in other classes – other.	V9099
